Dear Sir/Madam

We would like to thank you for choosing our company for your repair.

Unfortunately on this occasion we have not been able to restore your product to full working order.

Our technicians have found this device to be beyond economic repair due to the cost of additional parts required. It would be more costly to repair / restore your product to full working order than it would be to buy a new one. Therefore we would advise you at this point against any further repair on this product. However if you wish this repair to be done then please contact us and we will be happy to quote a price for doing this work. If we do not hear from you then we will presume you do not wish to proceed with this work.

Please retain your reference number as this will be required for any future correspondence.

Thank you once again for using our service.

Kind Regards
M Blue Ltd
